Dear Mr. Salama:

Your company recently completed a build-out of approximately 3,000 square feet of office for the U.S. Parole Commission at 5550 Friendship Boulevard. Though this letter cannot be used as a reference or referring tool, nor may it be used to promote your company because the U.S. Parole Commission cannot indicate any type of preference for any company, I would like to commend your staff for the excellent work provided.

The service that S-Works provided was exemplary. Specifically, I would like to commend Mr. Mike Pates and Mr. Brian Gross for their hard work, attention to detail, and overall coordination efforts. The project lasted approximately four weeks, and during that time I was able to notice the efforts of Mr. Gross on a daily basis. Mr. Gross was sure to keep the U.S. Parole Commission informed of any issues, provide recommendations for the best use of the space, and ensure that the client was extremely satisfied with the work. What most impressed me about Mr. Gross was his ability to coordinate multiple contractors and maintain a tight schedule to ensure timely completion of the project. Mr. Gross is certainly an asset as well as an excellent representative of your company.

Mr. Pates also contributed greatly to the success of the project. With his efforts, we were kept informed of issues, supplies were delivered timely, and contractors were able to continually work with little or no interruption in service. Mr. Pates, much like Mr. Gross, is another asset to your organization and another superlative agent that enables S-Works to provide excellent customer service for their clients.

Mr. Gross and Mr. Pates are to be commended for their work, and their efforts were certainly appreciated. If you have any questions or would like to discuss this issue further, please contact me on (703) 818-9278 or via email at jrm90@erols.com.

Sincerely,
